Quick Setup and Easy Management

Corner Keystone Correction for Angled Projection
If on-site conditions require off-center projection, simply designate four screen corners and the Horizontal & Vertical Corner Keystone Correction performs necessary adjustments for a distortion-free image. Note: PT-LB305 supports the Horizontal Keystone Correction only.

Curved Screen Correction™
Barel and pinchushion distortions can easily be corrected when projecting onto a curved screen surface.

1.2x Zoom Variability
The PT-LB425 Series features a 1.2x zoom lens supporting a wide range of projection throw-distances, which is useful when presenting in rooms of different sizes.

Flexible Versatility in the Office or Classroom

Project Wirelessly with Optional Module®
Optional ET-WML100 Wireless Module lets presenters share media from PC or mobile wirelessly to the big screen using Presenter Light software for Windows® or Wireless Projector app for iOS and Android® devices.

Wireless Projector for iOS/Android™
Dedicated apps for iOS and Android devices feature simple 3-step initial connection and support the transmission of still images and PDF data.

Memory Viewer Light™
Insert a USB memory device into the USB port and start projecting stored content straight away without need of a connected PC.

Bright, Easy-to-See Pictures
The compact PT-LB425 Series delivers brightness ranging from 3,100 lumens to 4,100 lumens™ with a high 16,000:1 contrast ratio. Enjoy clear, vivid, easy-to-see pictures, even with the lights on.

Enhanced Detail in Bright Environments
Daylight View Lite optimizes color and brightness according to ambient lighting levels. This function is easily accessed using the supplied remote control.

Quiet Operation Minimizes Distraction in Class and Meetings
The PT-LB425 Series operates at a quiet 35 dB*, allowing your students, colleagues, or clients to concentrate on your presentation without distraction.

Enjoy Bright, Quiet, Long-life Portable Projection
