

HDVC Case Study Manufacturer-2

<Key Point> High sound and Video quality, low cost, 7-site connection ability.

Background

Their factories and branches are located at 7-site in Japan and 1-site in USA.
They want to create the systems that respond quickly to incidents and accidents related to their products.

Introduction

- Head Quarter - Factory1 - Factory2 - Factory3
- Factory4 - Branch1 - Branch2 - USA Total : 8-site

Use of HDVC

- Executive meetings
- Production meetings

Configuration

- <Japan>
- KX-VC1600 1pc - KX-VC1300 6pcs
 - GP-VD131 7pcs - KX-VCS703 (for USA)
- <USA>
- KX-VC1300 1pcs - GP-VD131×1
 - KX-VCS703

Further Plan

Introduce more HDVC to other offices.

Benefit

After installation, meetings by the HDVC have been held more than expected.
